Control of structural infestations of carpenter ants

Hansen, WA 2016

Cumulative % of Dead Worker European Fire Ant

(*Myrmica rubra*) E. Groden, Maine, 2016

Scorpio PCO Liquid Ant Bait is a high performance, ready to use dual action ant bait suitable for even the most sensitive accounts. Scorpio is a highly palatable liquid with spinosad, an active ingredient that is new to the structural pest control market. Spinosad effectively controls a wide range of ants including carpenter ants by contact or ingestion, destroying the queen and colony within 1 to 2 weeks.

What it controls

Controls multiple pest ants including carpenter ants, fire ants, pharaoh ants, harvester ants, foraging ants, sweet feeding ants, pavement ants, citronella ants, moisture ants, little black ants, Argentine ants, crazy ants, acrobat ants, bigheaded ants, cornfield ants, ghost ants, odorous house ants, thief ants, field ants, and other common ants.

How to use it

Approved for indoor and outdoor use in refillable bait stations where ants are present. Where ants are active, the product can be applied directly to non-porous plastic, cardboard, or foil in non-residential areas that are not accessible to children, pets and non-target animals.

Place 10ml of Scorpio PCO Liquid Ant Bait per station and place 4 to 9 baits stations per 15m² where ants are present or near ant nest.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label before use.
